

Have your say.....

The 2025/26 City Night Division Netball Competition Survey Results Summary

On 5 May 2025, Netball SA (NSA) in partnership with the Office for Recreation Sport and Racing (ORSR) released a survey to the South Australian netball community seeking feedback on some proposed scheduling changes for the upcoming City Night Division (CND) season due to upgrade works to the SA Netball Centre in Mile End.

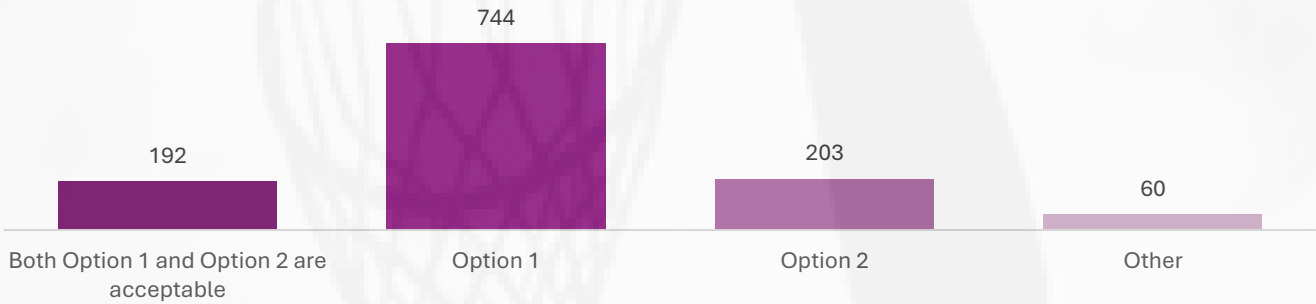

The survey received an incredible **1,299 responses** from players, parents and other stakeholders. NSA and ORSR would like to thank the netball community for taking the time to *have your say*.

Amongst other things, the survey presented two key scheduling options for respondents to consider:

- **Option 1** to reschedule the CND competition to the South Australian United Church Netball Association (SAUCNA) Netball Facility at Park 22 (ANZAC Highway) for games to be played on a weekend. The proposed schedule under this option is to have juniors play on a Saturday morning and Seniors play on a Sunday Night
- **Option 2** to reschedule the CND competition to a greater-metropolitan netball facility and play games on a weeknight.

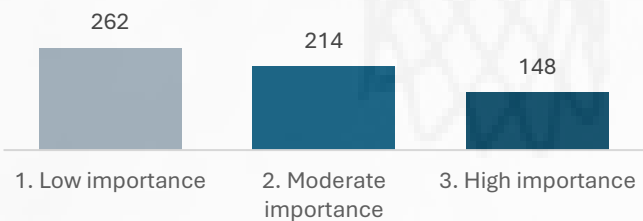

What we heard?

Preferred Competition Option (n = number of responses)

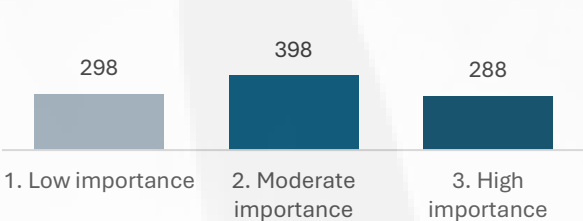

We also sought information from respondents on the importance of different scheduling options:

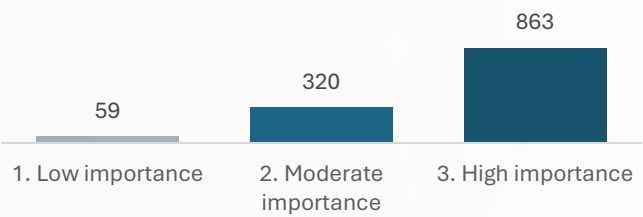

Retaining the Current Scheduled Time for Senior Games (Tuesday Nights)

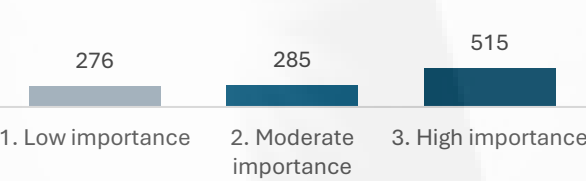

Retaining the Current Scheduled Time for Junior Games (Friday Nights)

Games being hosted in a central location, close to the Adelaide CBD

Keeping all teams at the same location (mainly for the benefit of families with multiple players)

NSA has used these results to inform scheduling and location for the upcoming season to best align with the wishes of the CND community.

In addition, key club contacts will shortly receive a summary of the responses from their club members to inform their own team nominations for the upcoming season. If you have any questions about the survey results, please contact Chelsea Crawford from ORSR at (Chelsea.Crawford@sa.gov.au)
